The Canadian Hydrographic Service

From the time of its inception in 1883
to the end of the Second World War

by

O.M. Meehan

edited by William Glover

with David Gray
FOREWORD

This history by Mr. O.M. Meehan began as a contribution to "Soundings," an in-house publication for the staff of the Canadian Hydrographic Service. The first article covered the early history of charting up to the earliest explorations of Canada. Subsequent articles dealt with surveys during the French Regime, the Colonial Era and the British Admiralty surveys in Canadian waters.

Mr. Meehan's articles arouses interest both inside and outside the Service, and he was therefore encouraged to expand the history to include surveys initiated by the Canadian Government - the first in 1883 and known as the Georgian Bay Survey. In 1904 other hydrographic units in the Department of Railways and Canals and the Department of Public Works were amalgamated with the Georgian Bay Survey in the Department of Marine and Fisheries. This then became the Hydrographic Survey Branch of that department. It also includes the story of the Tidal Survey which was established a few years later than the Georgian Bay Survey, and its incorporation in the Hydrographic Survey in 1924. This history concludes in 1947 after the end of the Second World War.

Mr. Meehan spent considerable time, much of it on his own, in detailed research in the records of the Canadian Hydrographic Service, the Public Archives - National Library, Department of Transport, and Department of Public Works offices. To record those things that escape the official record, he interviewed many retired members of the Service and others who had connections with the Service. He has provided a valuable document that contains much of interest to those who served in the Canadian Hydrographic Service. It will be an essential reference tool to anyone who wishes to study the men and the ships that produced the charts which were, and still are, a basic requirement in the economic development of Canada.

It is fitting that this should be undertaken during Canada's Centennial Year when we all have cause to reflect upon the labours of those who made our work easier. It is also fitting that it should be one of the last publications commenced during my own tenure of office as Dominion Hydrographer.

N.G. Gray
PREFACE

The story of the Canadian Hydrographic Service which is about to be unfolded, is primarily an historical outline of charting and recharting Canada's inland and coastal waters by hydrographic surveyors of the Government of Canada. It is also an accounting of water-level investigations in non-tidal waters; tidal and current investigations on the sea coasts, and the production and distribution of nautical charts and publications - all of great importance to navigation and shipping, marine engineering works, oceanographic research, fisheries, and national defence.

Gone are many official files and documents from which more detailed information could be further researched, and also gone from our midst are most former Hydrographic personnel who made this story possible.

Others whose notes and historical sketches were most helpful were Rear Admiral E.C. Irving, Vice Admiral Sir A. Day and Capt. R.M. Southern, formerly of the Admiralty Hydrographic Department, London; Mr George Classens and Mrs Margaret Larnder of this Department, and Mr Don W. Thomson - the author of Men and Meridians.

It is not the writer's intention that this story should be an authoritative text of the Hydrographic Service. However it does contain considerable unwritten information about the Hydrographic Service to the end of the Second World War. Therefore, if it can in any way enlighten the reader on major historical events of yesteryear, this story will have served its purpose well.

Neither time nor space permits detailed accounts of any one particular division of the Service, but should there be any significant errors in statement, or omissions of importance, the writer would be most grateful in learning about them.

O.M. Meehan
Table of Contents

INTRODUCTION /1

CHAPTER I: The Georgian Bay and Great Lakes Survey, 1883-1903 / 7

THE GEORGIAN BAY SURVEY UNDER STAFF COMMANDER J.G. BOULTON, RN, 1883-1893 /7
Canada's First Hydrographic Surveyor / 7
Preliminary Investigations and Surveys in Georgian Bay, 1883 / 10
Charting Georgian Bay 1884 - the Commencement of Actual Hydrographic Surveying /11
First Publication from Canadian Resurveys, and Charting the North Channel, 1885 / 14
First Chart from Canadian Resurveys, and Remodelling the steamer Bayfield, 1886 / 15
Hydrographic Surveying in the Great Lakes, 1883-1903 / 16
First Canadian Chart for the North Channel, 1887 / 18
Ice Conditions and Oceanography in Georgian Bay, 1888 / 18
Shipping in Georgian Bay, 1888 / 18
Close of the North Channel Resurvey, 1890/19
First Survey Beyond the Great Lakes, and Water Levels in the Great Lakes, 1891 / 20
Resurvey of Burrard Inlet, BC, the First Canadian Survey on the Sea-coasts / 20
Unusual Water Levels in the Great Lakes, 1891 / 21
An Act Respecting Technical Work in the Department of Marine and Fisheries, 1H92 I 22
Last Field Season Commander Boulton, 1892 / 22

THE GEORGIAN BAY SURVEY UNDER MR WM J. STEWART, 1893-1894/23
The Survey of Bay of Quinte, Lake Ontario, by the Chief Engineer, Department of Marine and Fisheries, 1893 and 1897 / 24
Canada's First Tidal and Current Surveyor - Mr Wm Bell Dawson, C.E., 1893 / 25
Close of Georgian Bay Survey and First Survey of Lake Huron, 1894 / 25
Close of Georgian Bay Resurvey, 1894 / 26

THE GREAT LAKES SURVEY UNDER MR WM J. STEWART, 1895-1903 / 27
Lake Erie 1895-97/27
Water Levels Lake Erie, 1895 / 28
Inauguration of United States-Canada Car-Ferry, 1895 / 28
Historical Maps and Charts, Lake Erie / 29
Fire, West Block, Parliament Hill, 1897 / 30
First British Columbia Tidal Records / 30
Close of Lake Erie Survey, and Charting Lakes Huron and Erie, 1897 / 30
A Pacific Coast Hydrographic Note, 1897 / 31
Georgian Bay and Lake Huron, 1898 / 32
Close of Lake Huron Survey 1901 /35
The Survey of Lake Winnipeg, 1901-03 / 36
First Canadian Chart from Canadian Surveys, 1903 / 36
The Bayfield and the Lake Superior Survey, 1902 / 37

RECAPITULATION, FISCAL YEARS, 1883-1903 / 39
Hydrographers / 40
Ships and Ships' Officers / 40
Production / 41
Expenditure / 42

CHAPTER II: The Hydrographic Survey of Canada from its Formation to the First World War, 1904-1914 / 43

THE HYDROGRAPHIC SURVEY OF CANADA, 1904 / 44
Formation of the Hydrographic Survey of Canada, March 1904 / 44
The "Amalgamated" Hydrographic Staff, 1904 / 45
Colonial Surveys - Admiralty Request, June 1904 / 46
Appointment of Chief Hydrographic Surveyor, or Chief Hydrographer, August 1904 / 46
Canada's First Chief Hydrographic Surveyor - Mr Wm J. Stewart, 1863-1925 / 47

THE CANADIAN HYDROGRAPHIC SURVEY UNDER Mr WM J. STEWART, 1904-1925/49
1904- 5/49
First Canadian Hydrographic Surveys in the Province of Quebec / 49
Other Surveys / 51
Headquarters in Ottawa, 1904 / 52

1905- 6/52
Commencement of Systematic Coast Charting in Eastern Canada / 52
Lower St Lawrence River - The First Salt-Water Survey on the East Coast / 53
St Lawrence River, above Quebec City / 55
Great Lakes / 55
Hydrographic Ships, 1905-06 / 56

1906- 7/56
St Lawrence River / 56
Great Lakes / 58
Commencement of Systematic Charting in British Columbia / 58
Headquarters Staff, 1906-07 / 60

1907-8/60
St Lawrence River / 60
Great Lakes & the First Wire-sweep Survey / 61
British Columbia, 1907/62

1908-9/63
First Reclassification of the Canadian Hydrographic Service (Ottawa, Only) / 63
Atlantic Coast Surveys - Cumberland Basin, NS / 64
St Lawrence River / 65
Great Lakes / 65
British Columbia / 66
Headquarters, Ottawa / 67

1909-1910/67
Capt. J.G. Boulton, RN / 67
Atlantic Coast Surveys / 68
St Lawrence River / 68
First Canadian Engraved Charts, 1909 / 69
Great Lakes / 70
British Columbia / 71
Ottawa, 1909/71

1910-11/72
Transfer of the Hydrographic Survey, 1910/72
Hudson Bay and Strait / 72
Atlantic Coast - Prince Edward Island / 76
St Lawrence River / 76
Great Lakes / 78
British Columbia, 1910/78

1911-12/79
Hudson Bay and Strait / 79
St Lawrence River / 81
Great Lakes / 82
British Columbia, 1911 / 82
Expanding Hydrographic Survey, 1911 / 82

1912-13/83
Hudson Bay and Strait / 83
St Lawrence River / 85
International Waterways (Joint) Commission Activities and the Canadian Hydrographic Survey 1907-25 / 86
Commencement of Inland Water-level Investigations by the Hydrographic Survey, 1912/87
Great Lakes Survey, 1912/89
British Columbia, 1912/90

1913-14/91
Atlantic Coast Surveys, 1913/91
Atlantic Coast - Sable Island, NS / 93
St Lawrence River / 93
Great Lakes Survey, 1913/94
British Columbia, 1913/96
Headquarters, Ottawa, 1913-14 / 96

1914-15/97
Atlantic Coast Surveys, 1914 / 98
St Lawrence River / 99
Great Lakes Surveys, 1914/100
British Columbia Parties, 1914/100
Headquarters Staff at Ottawa, Fiscal Year 1914-15/101
Admiralty Charts and the Drawing Office, 1914-15/102

RECAPITULATION, FISCAL YEARS, 1904-1914/ 102

CHAPTER III: the Hydrographic Survey of Canada from the First World War to the Commencement of the Canadian Hydrographic Service, 1915-1927 /105

THE FIRST WORLD WAR, FISCAL YEARS, 1915-1918 / 106

1915-16/ 106
Atlantic Coast Survey, 1915/106
First Joint Hydrographic-oceanographic Cruises / 107
St Lawrence River / 107
Great Lakes Surveys, 1915/108
British Columbia / 108
Headquarters Staff, Ottawa, 1915/109

1916-17/109
Atlantic Coast / 109
St Lawrence River / 110
Great lakes Surveys, 1916/111
British Columbia /111
Headquarters Staff, Ottawa, 1916/112

1917-18/112
Atlantic Coast / 112
THE POST-WAR FISCAL YEARS, 1919-1927 / 117

1919-20 / 117
Atlantic Coast / 117
Lower St Lawrence / 117
Great Lakes Surveys, 1919/118
British Columbia / 118
Headquarters Staff, Ottawa, 1919/119
The Civil Service of Canada and the Hydrographic Survey, 1919-1920 / 119

1920-21 /121
Atlantic Coast Surveys / 121
Lower St Lawrence / 122
Great Lakes Survey / 122
British Columbia / 122
Headquarters Staff, 1920/ 123

1921- 22 / 124
Atlantic Coast Surveys / 124
St Lawrence / 125
British Columbia / 127
Headquarters Staff, Ottawa, 1921/127

1922- 23 / 128
Atlantic Coast Activities / 128
St Lawrence / 129
British Columbia / 130
Headquarters Staff, Ottawa, 1922/131

1923- 24 / 13
